Dear Emma: The little picture is "just too cute for anything" and she looks just like her little mother. Thank you so much for remembering us. Aleck has years ever since we went South & I wish we were going again to see you all. We are glad your Mother has had a successful operation & are promised a letter from her as soon as her glasses are fitted telling us all about it. Mrs. Wells eyes are not failing fast so we hope her operation is some time distant. Lovingly J. E. J.
